Project Title: Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Sites in Tableau

Team ID: LTVIP2025TMID51897

Team Size: 3

Team Members and Roles:

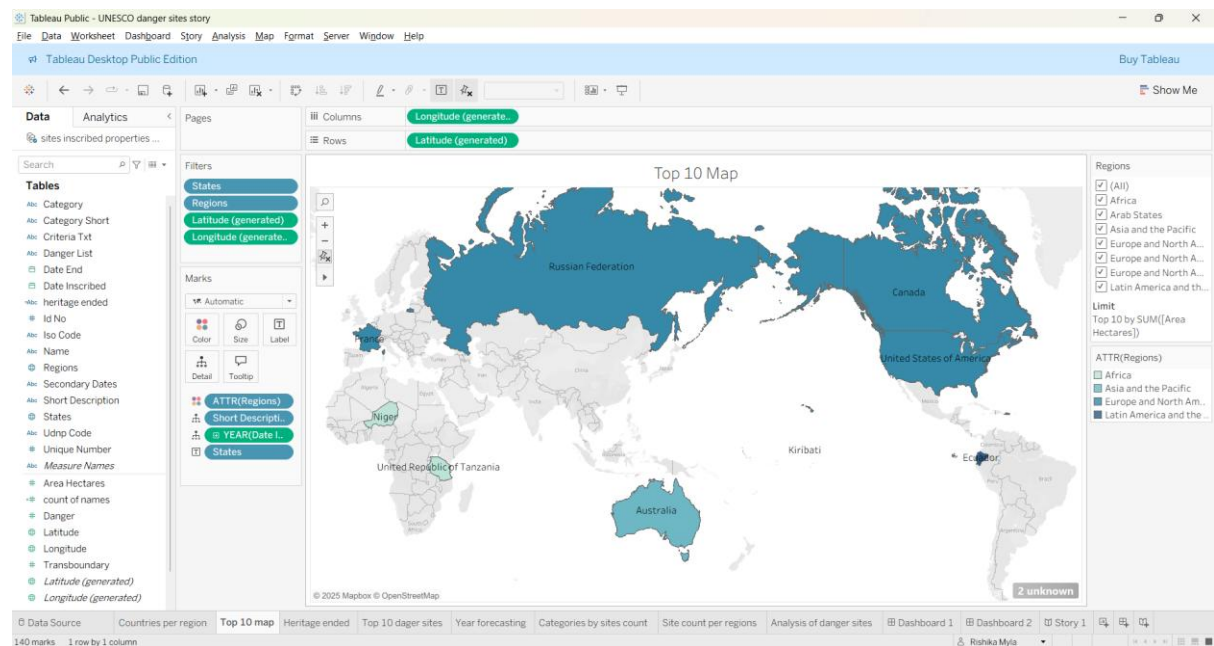

Name	Role
Myla Rishika	: Team member
Desu Deekshitha	: Team Leader
Potu Pranathi Priya	: Team member

List of Visualizations / Graphs

The following visualizations were created in Tableau for the project:

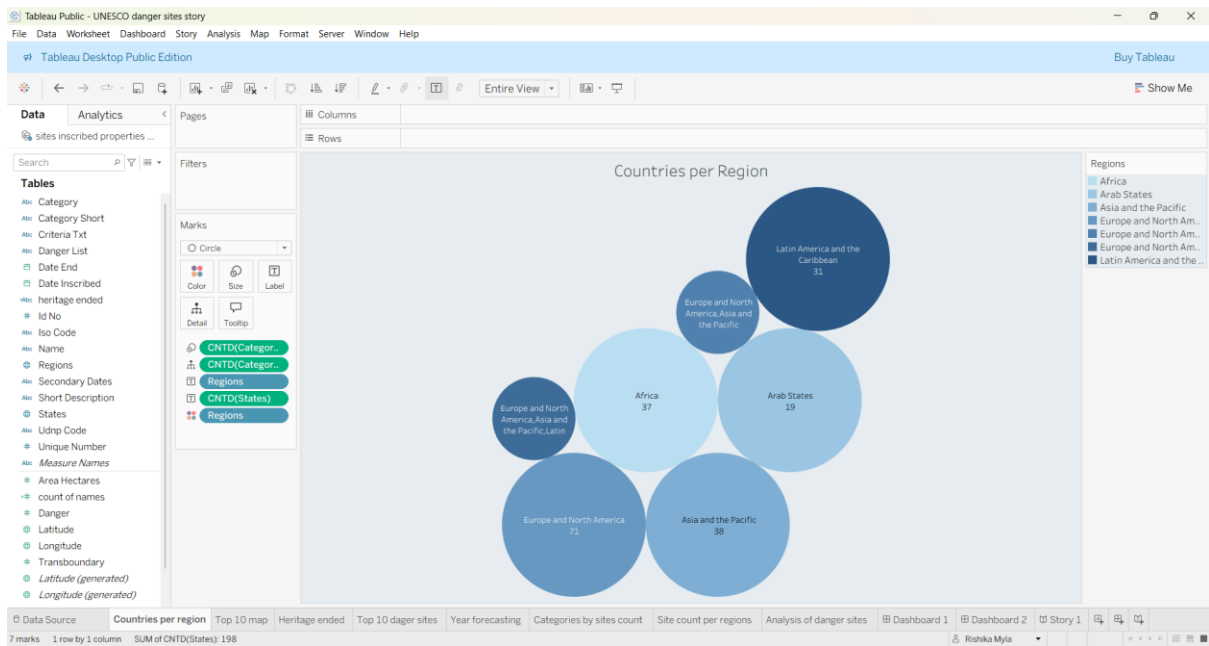

1. ****Top 10 Regions by Area****

- Bar chart showing the top 10 regions with the largest total area (in hectares).

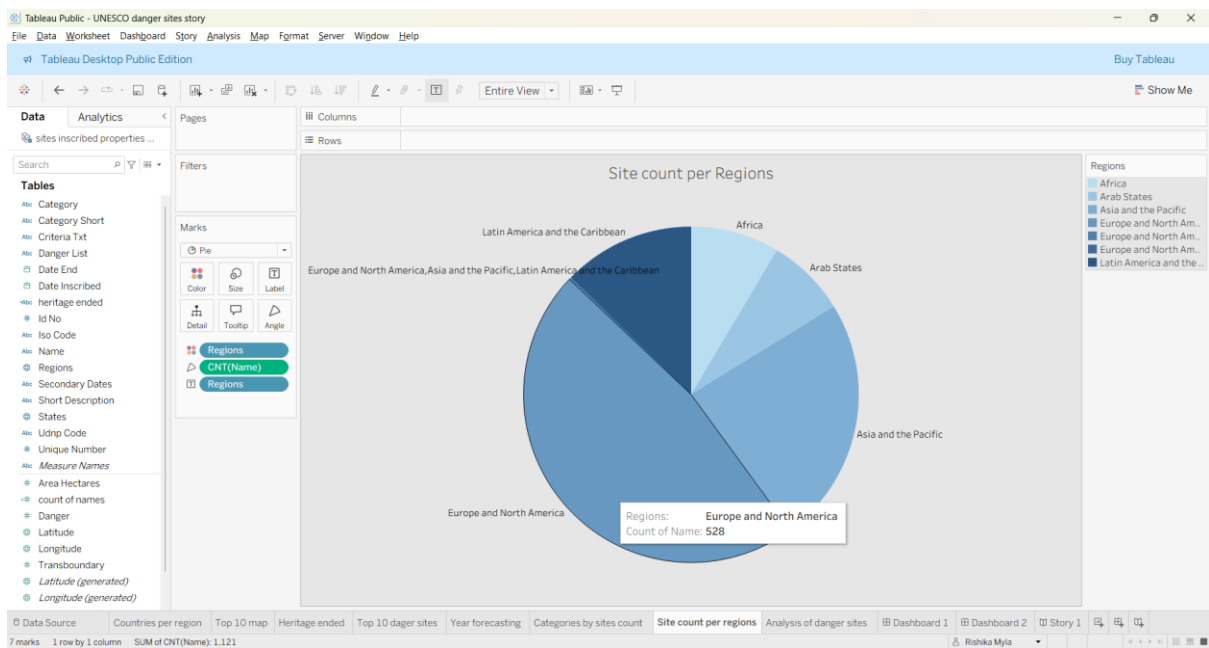

2. ****Countries per Regions****

- Visualization displaying the number of countries present in each region.

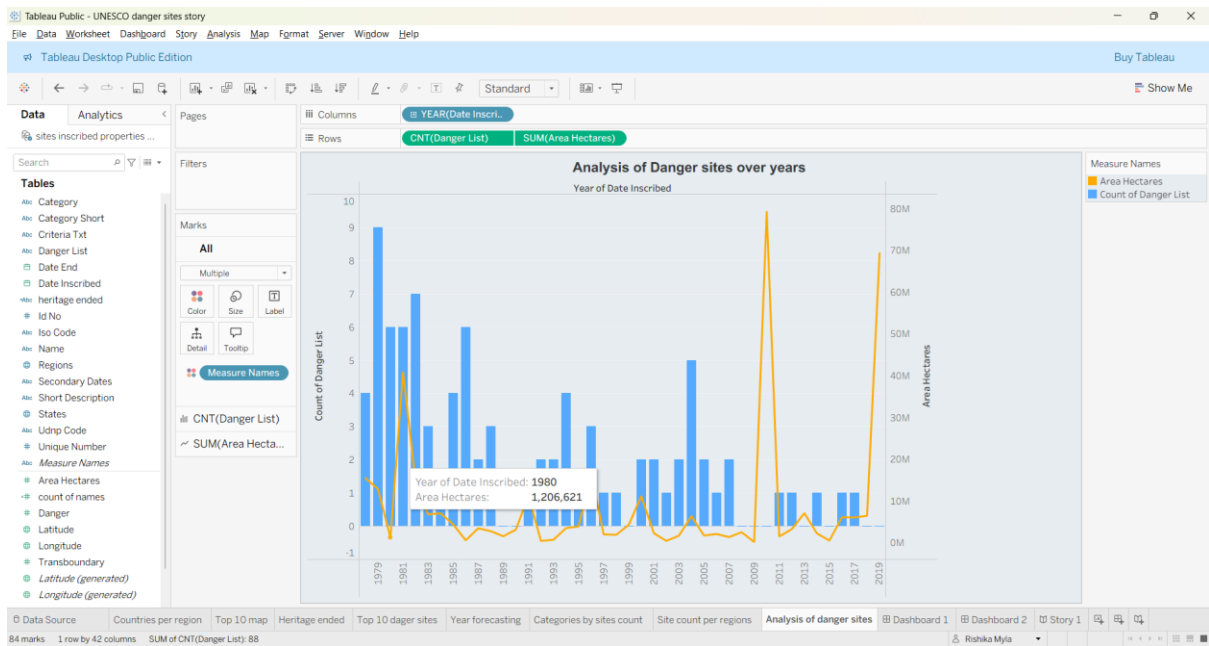

3. **Sites Count per Region**

- Bubble map and bar chart showing the count of heritage sites in each region.

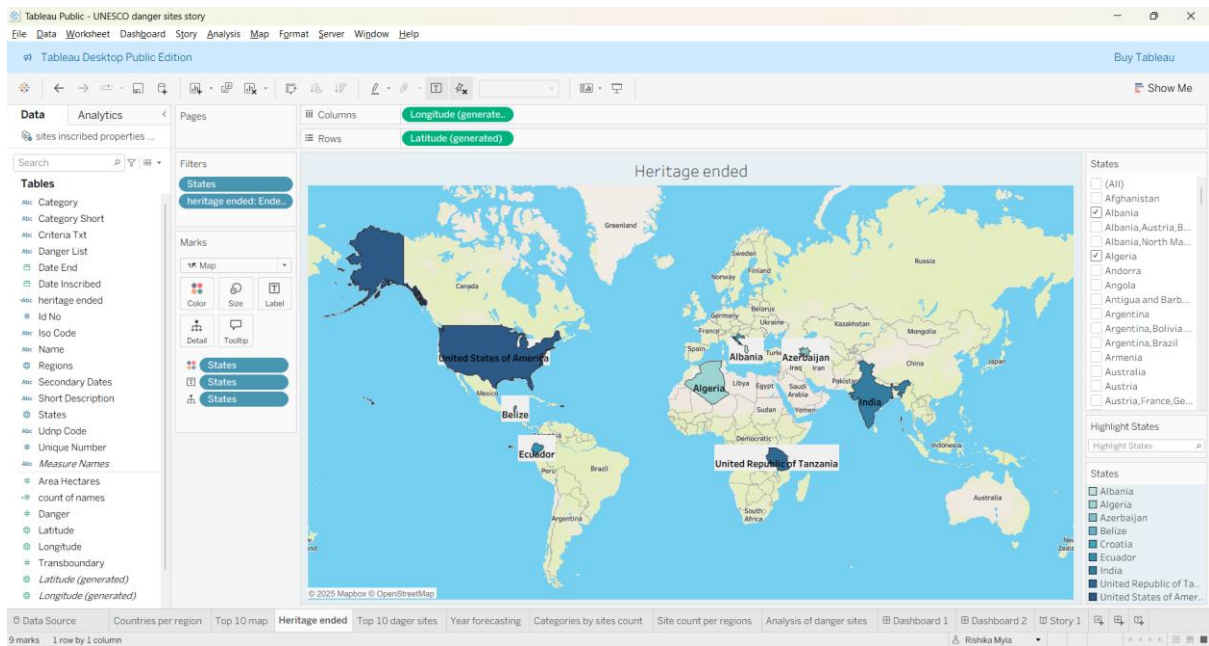

4. **Analysis of Danger Sites and Areas**

- Combined visual showing danger-listed heritage sites with corresponding areas.

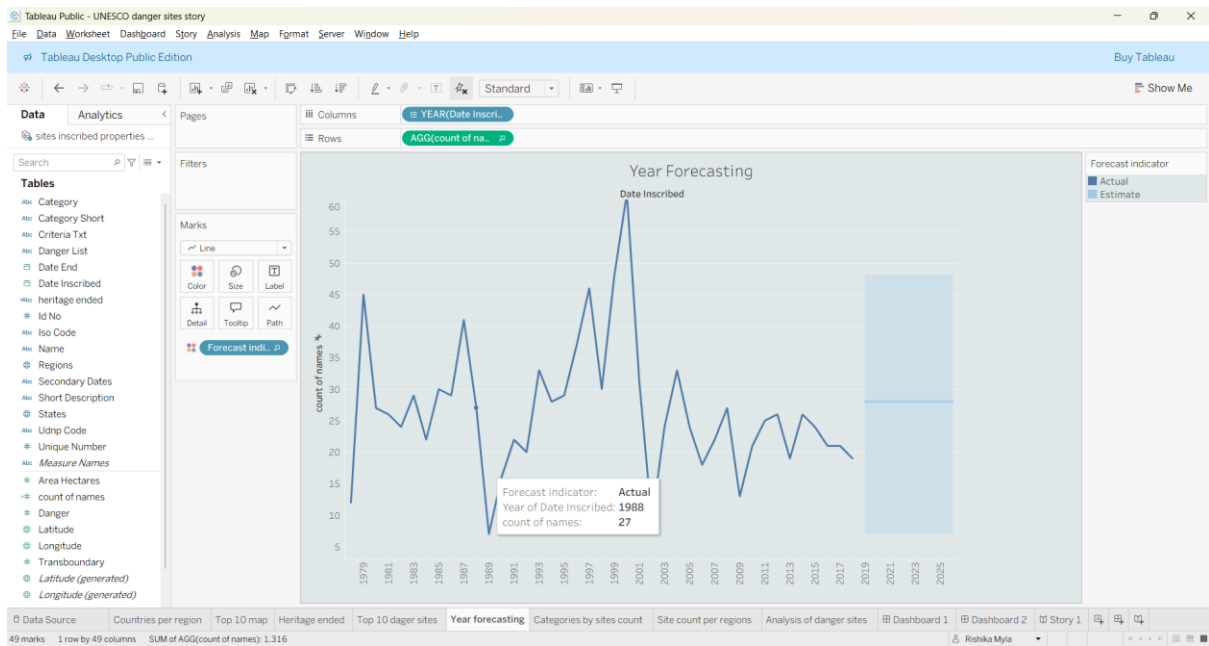

5. **Heritage Ended Regions**

- Map showing regions where heritage status has ended.

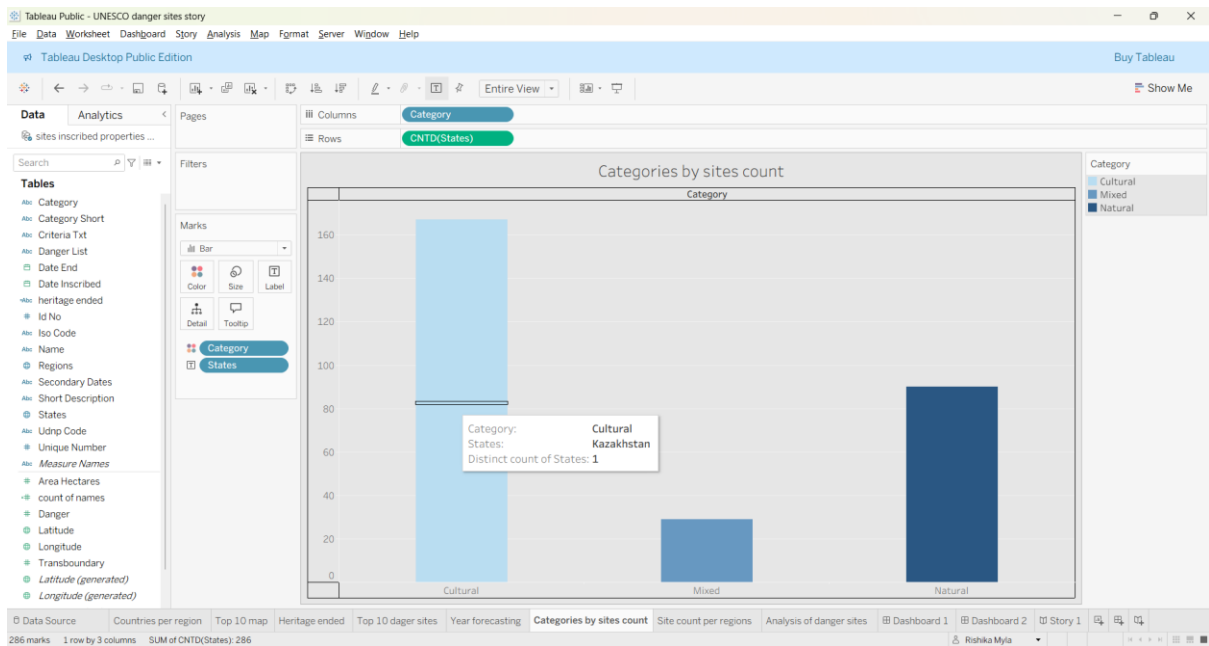

6. **Year Forecasting**

- Time series/line chart projecting trends of heritage site additions over the years.

7. **Categories by Site Count**

- Visualization showing counts of sites categorized as Cultural, Natural, or Mixed.

8. **Top 10 Danger Sites**

- Treemap or bar chart highlighting the top 10 sites with danger status.
